

## **Big Boost for Boulder's Seniors: Frasier Awards Over \$100,000 in Grants to Local Agencies Serving Older Adults**

**BOULDER, Colo. (June 10, 2026)** – Frasier, a nonprofit senior living community, has awarded \$101,900 in grants to five local organizations that provide essential services for older adults in Boulder County.

The funding, distributed through the Frasier Community Resource Fund, will support projects addressing food insecurity, housing instability and healthcare access for underserved seniors. Since the endowment's inception in 2021, Frasier has awarded nearly \$500,000 to 27 community agencies.

The grantmaking process is led by Seniors for Seniors, a 10-member resident-led advisory team at Frasier that establishes funding criteria, reviews applications and visits agencies to learn about their impact.

"This year we received many more proposals than in the past. The change reflects the growing demand on nonprofit organizations and government agencies that provide support for underserved people of all kinds, including seniors," stated Frasier resident Marjorie McIntosh, chair of Seniors for Seniors.

The 2026 grant recipients include:

- **Boulder Housing Partners:** The \$17,450 grant will be used to upgrade and replace equipment in Golden West's kitchen and also purchase and install emergency generators and battery storage systems at 6 affordable senior housing complexes.
- **Circle of Care:** The \$25,000 grant will assist a program that brings disadvantaged seniors to concerts, using tickets donated by event organizers. For seniors with disabilities, the organization has an ADA Accessible van to transport them to concerts; this grant will pay for an ADA trained driver, insurance, fuel, and maintenance.
- **Community Food Share:** The \$17,450 grant will support food purchasing for a program that delivers food to homebound seniors, helping to bridge the gaps in CFS's existing funding month-to-month. It will provide reliable access to quality protein along with seasonally fresh and organic vegetables from local farms
- **Presbyterian Manor:** The \$17,000 grant will help combat food insecurity of Presbyterian Manor residents by subsidizing the cost of three hot meals per week. The funds will partially replace lost funding from Boulder County and allow the continuation of their partnership with Community Table Kitchen, a program of Bridge House.
- **TRU Community Care:** The \$25,000 grant will allow TRU to purchase 25 new GrandPad units for seniors with the greatest need. These easy-to-use devices bring personalized medical care to homebound seniors on Medicaid and lessen their social isolation.

Joan Raderman, Founder and Program Director for Circle of Care added "Our Culture Bus is now able to happen...Seniors for Senior is providing the 'oxygen', and when you match the 'oxygen' with passionate people who want to make a change, magic happens!"

The Seniors for Seniors program oversees the \$2.1 million endowment, created to strengthen support for Boulder County's aging population.

McIntosh closed with, "Frasier is part of the Boulder County community, and our values include a commitment to those around us. The Community Resource Program is one way we put that commitment into practice. The Seniors for Seniors team is grateful to be able to assist some of the nonprofits that are working so valiantly to help seniors in need."

### **About [Frasier](#)**

As a Life Plan community, Frasier is an independent, nonprofit, purpose-driven, senior living community dedicated to helping seniors enjoy vibrant and fulfilling lives since 1960. Located in Boulder, CO, the 20-acre campus features independent living, assisted living, memory support, long-term care, skilled nursing, rehabilitation services, a wellness center, and care for nearly 500 residents.

### **About Seniors for Seniors**

Seniors for Seniors is a resident-led advisory team at Frasier responsible for stewarding the Frasier Community Resource Endowment, originally established at \$2.1 million. Since 2021, the team has awarded 27, one-year grants, ranging from \$5,000 to \$42,000 to eight nonprofit organizations and six city/county agencies that serve older adults in Boulder County. Through an annual application and review process, Seniors for Seniors carefully evaluate submissions and distributes funding to support impactful, community-based senior services.
